BEST PRACTICES FOR SHARING ILLUSTRATED MINISTRY RESOURCES

We make our products available digitally because our customers find this to be the most efficient way to receive them. In order for Illustrated Ministry to continue producing the quality products you know and love, we ask for your care and respect when sharing your digital purchases. Detailed information about your license can be found on the copyright page.

We’ve found there are three good ways to share our files with your community:

Email: Depending on the size of your congregation, we encourage you to email files to those who want to use the resource. Another option is to put an announcement in your bulletin, asking those interested in receiving the files to email the person with access to the resource.

Note: Please do not include attachments or links to download our files or videos in any emails/newsletters that are posted publicly online with services like Mailchimp, Constant Contact, etc. Links of this nature are searchable by Google, and the files can quickly become accessible to the general public.

Posting Online: We do not want the general public to have access to our products free of charge. We discourage posting our files online because they become easily accessible through Google searches. However, one option is to put the files on a password-protected page of your website, or use a private Facebook Group. Please remember to take the files down after you’ve finished using them.

Note: Please do not post the password in a bulletin or newsletter that is posted publicly online.

Print: Most congregations who purchase our digital files choose to print out the materials. Printing the materials is probably the easiest way to share the resources with your community.

Thanks for understanding, and we appreciate your support!
